SEATADVISOR PRODUCT: SABO ARTS

SABO Live Events

THE BARN THEATRE will use SABO - a powerful and feature rich web based ticketing system to manage all aspects of their venue from the box office to the marketing department.

The Barn Theatre is located in West Sussex and is a great example of how a small theatre with limited budget can grow revenues and increase customer loyalty using SABO. The theatre will use The SABO integrated ticketing, fundraising, and customer relationship management (CRM) and access control solution. The Wick had researched available ticketing and database systems for over 6 months. SABO's web-based easy to use system was chose as the best suited to the venue's needs

"We are in the very beginning stages of a marketing campaign, and SABO's seamless view of our customers and clients, coupled with the management tools we will be able to place in the hands of the many organisations that call The Barn Theatre home, convinced us that now was the time to make the jump".

While the venue has a core focus on ticketing they make extensive use of all the ancillary facilities at the venue to provide a richer customer experience. The SABO system provides the data management and analysis tools necessary to improve relationships with existing customers, and marketing tools to attract new ones.

Organisation Profile

Southwick's Barn is a traditional Sussex building at the heart of an old homestead which now forms the Southwick Community Center. The present Barn goes back at least 200 years The Barn was converted into a community hall and theatre in 1951 following a huge effort from local volunteers. In 1998 it was extensively improved and extended at a cost of almost £1 million. The Barn has been home to the Wick since the company's inception, and it now enjoys the use of a much enlarged stage and state-of-the-art technology.

"CLIENT SUPPORT IS ONE OF THE MAIN REASONS I LIKE SABO. THE SUPPORT IS REALLY EXCEPTIONAL. "

Jane Denyer, Director of The Barn Theatre.
